HEALTH MEC DR PHOPHI RAMATHUBA TO CONDUCT COVID-19 HOUSEHOLD PROFILING AND HOUSEHOLD CLEANING

Limpopo Health MEC Dr Phophi Ramathuba will visit Dan Village in the Greater Tzaneen Municipality for household profiling and household cleaning.

This program is in line with the community-based approach surge plan that aims to prepare the communities and household to ready themselves as Covid-19 cases are rising exponentially. The MEC will together with the COVID-19 Community Health Care Workers visits households to prepare them for infection prevention and control through cleanliness. The team will demonstrate the household cleaning procedures.

"As we prepare ourselves for the surge, we need to prepare our households in dealing with this virus and the impact thereof. Surfaces play a role in transmitting pathogens, so preventing them from becoming contaminated is important. Basic households cleaning procedures will come handy in preparing our people to be ready for the storm ahead of us. Prevention is the best." Said MEC Ramathuba

Together we can fight this COVID-19 pandemic.

The visit is scheduled as follows:

Venue: Dan Clinic - Greater Tzaneen Municipality

Date: 07 July 2020

Time: 12h00

End.
